

HEALTHY MUSCLE FUNCTION

EQUISTRO®

Stella Hagelstam, Dressage

EXCELL E

Bioavailable complex of Vitamin E,
Organic Selenium, Magnesium and L-lysine.

www.equistro.com

Complementary feeding stuff for horses containing a bioavailable complex of Vitamin E, organic selenium, magnesium and L-lysine.

EQUISTRO®

Vitamin E & Organic selenium: high levels of supplied antioxidants

- Limiting the oxidative stress
- Protecting muscle cell walls

Magnesium : an essential element for biochemical reactions involving ATP

- Improves the use of energy at the cellular level
- Improves the quality of muscular relaxation

L-lysine : a vital amino acid for muscle protein (actin and myosin)

Participates in the restoration of damaged muscle fibers

USAGE

EXCELL E Powder is particularly recommended for helping maintain a healthy muscle function and integrity and for assisting horses following an increased demand relating to muscular exertion and tension.

PACKAGING

1000g & 3000g bucket

ADMINISTRATION

Horses (500 kg): 50g (3 scoops)/day.

Foals/ponies: 25g (1 ½ scoop)/ day.

To be mixed with feed.

COMPOSITION

Dextrose, Magnesium oxide 1.2%.

Additives/Kg: Compounds of trace elements: Selenium (selenised yeast -Saccharomyces cerevisiae CNCM I-3060, inactivated) (3b810) 10 mg. Amino acids and salts: 3c322 L-Lysine monohydrochloride technically pure: 49300 mg. Vitamins and pro-vitamins: Vitamin E/all-rac-alpha-tocopheryl acetate (3a700) 45000 IU.

Analytical Constituents: Crude ash 14.7%, Ash insoluble in HCl 12%, Moisture 10%, Crude protein 6%, Crude fat 4%, Crude fibre 1.5%, Sodium 1.3%, Magnesium 0.6%.
